Fall 2016

BRIDGES: A Center for Grieving Children is beginning its third year in Puyallup. BRIDGES East will offer support groups this fall for families with children ages 4-18 who have experienced the death of a parent or sibling. The groups will meet at the Children's Therapy Unit (402 15th Ave. S.E. Puyallup 98372) one block south of Good Samaritan Hospital. The groups will meet on the 1st and 3rd Mondays of the month beginning September 19th. Children, teens and adults have the opportunity to meet others like them and discover they are not alone as they grieve.

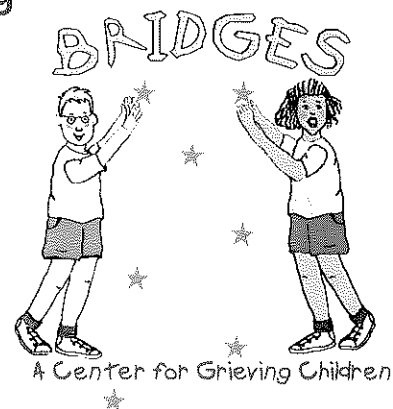

If you or a family you know is interested in participating please call the BRIDGES office to speak with one of our trained staff to set up an intake appointment.

If you or someone you know is interested in volunteering at BRIDGES we encourage you to call our office as well.
